Sport tourism industry and service in this article current problems of the field, tourist services, science and development mechanisms and forms of modernization of release, tourism industry highly qualified, competitive personnel training based on standards issues were discussed. In particular, tourist education and manufacturers the introduction of new technologies into the was studied.

Introduction. Today Uzbekistan has a huge potential in the field of Tourism attracts tourists with its ancient monuments, sacred shrines, nature and delightful meat. This situation is based on such works as the share of tourism in the gross domestic product of the country, as well as the number of historical monuments and their wide popularity among tourists.

Great attention is paid to the issue of training and retraining highly qualified personnel in the field of tourism as the most important and decisive factor in our country. The decree of the president of the Republic of Uzbekistan "on the training of qualified personnel for the tourism sector in Uzbekistan", the decision of the Cabinet of Ministers "on measures to improve the system of training of personnel for tourism in Uzbekistan" serve as an important program.

Relevance of the topic. The efforts of many sides of the state and the world to this sphere, the attention given and the reforms carried out show the relevance of our topic. In particular, in 2021, relevant documents were adopted in the field of tourism, in particular, the Presidential Decree of the Republic of Uzbekistan dated February 9, 2021 "on measures for the further development of domestic and visiting tourism in the Republic of Uzbekistan PF-6165, also known as. President of the Republic of Azerbaijan on April 6, 2021 "tourism, sports and cultural heritage on measures to further improve the system of Public Administration in the areas of "PF 6199" was adopted. For the first time in Uzbekistan, the concept of development of the tourism sector was approved, according to which the main directions of Tourism Development, and most importantly, the target indicators of the industry, were established until 2025.

During the past period, practical work has been carried out on the following main directions, which are defined in this concept. In order to improve the regulatory framework of the industry,

the main document of the tourism industry – the law "on tourism"-was developed and adopted, over the past period, 12 draft regulatory legal acts were adopted and paid to execution.

Research methodology. In our study, a comparative analysis of foreign experience in the development of the tourism industry of our country, the current state of attraction of tourists was carried out. The listed statistics are listed according to the official sites of the State Statistics Committee.

Main part. In Uzbekistan, the service sector has a huge potential, and on the basis of their effective use, the tourism industry is developing rapidly.

These are worthy contributions to the development of the national economy and serve to ensure economic growth, to consistently increase the level and quality of life of the population. In particular, the mechanisms and forms of modernization of tourist services for the development of Tourism, problems, special work on the issues of highly qualified, competitive personnel training based on the standards of the tourism industry will serve the development of the industry.

As well as the 35th purpose of the new Uzbekistan development strategy for 2022-2026:

- A. to increase the number of domestic tourists to 12 million people under the "travel across Uzbekistan" program, as well as to increase the number of foreign tourists visiting the Re Unobstructed tourism infrastructure the main tourism of the country wide introduction in cities.
- B. busy in tourism until 2026 increasing the number of inhabitants by 2 times to 520 thousand people;
- C. infrastructure of Tourism and cultural heritage sites development as well as from more than 8 thousand objects of cultural heritage on the adoption of the state program on effective use" a separate program to bring tourism potential to a new level development is envisaged.

Here is the tourism industry contribution to development and training of competitive personnel introduction of new technologies in addition, tourism education and production the goal is to achieve.

Uzbekistan has a great reputation in the world tourism market. Ancient historical monuments, steps, manifestation of our people's identity examples of cultural heritage that make up the world community and tourists attentiveness (Table 1). public to 9 million people.

Due to the pandemic, tourists arriving in the country in January-March 2021 have decreased significantly compared to the previous period, with a total of 238,855 foreign nationals visiting for tourist purposes.

Of this, 42% of visitors belong to the share of citizens of the Republic of Kazakhstan. It became known that citizens of a neighboring country visit mainly for the shrines of our country. 32.4% of incoming tourists belong to the population of the Kyrgyz Republic. In the table we can see that 19,752 tourists from the Russian Federation visited.

This corresponds to 8.3% of the total figure of the first quarter of 2021. So, in Russia, too, there are many people who are passionate about traveling to our country. The constant attention paid to the development of tourism in our country provides a great opportunity for foreigners in this regard. In this regard, many Russian travel companies and firms claim that they intend to conclude agreements with Uzbekistan on the prospects for cooperation.

Indeed, Uzbekistan has a great reputation in the world tourist market. It can also be widely used in improving the activities of organizations and public associations that are engaged in the development of tourism in our country.

The richness of our country in historical architectural monuments, the abundance of castles and Gates, the preservation of architectural monuments until our time, as if recreating the distant past.

Many works have been carried out in such places in order to provide comfort to tourists, to ensure their safety. In this regard, in all regions of our country, new hotels, entertainment steps, masks and restaurants that meet international standards, vehicles suitable for the demand of the time for the transport of tourists are increasing every day.
